Dear Lou,

I have received and read with a great deal of interest your study of brief psychotherapy. The conclusions appear very reasonable and this report is exactly the kind of basis for study which our clinic may find very useful. I have sent this on to Al Freedman with a recommendation that it become a starting point for a study group.

Thank you very much for sending this copy to me and congratulations on a very useful report.

Sincerely yours,

Max Fink, M.D.
