

July 26, 1967

Dr. Glen M. Duncan
Rochester State Hospital
Rochester, Minnesota 55901

Dear Dr. Duncan:

You have, by now, received a letter from Dr. Allen Raskin regarding a collaborative study of cyclazocine in the treatment failures of your depression study. I have called the other investigators and found that their vacation schedules, as well as our own, were so complex as to preclude a meeting before early September. We have deferred this meeting and I look forward to calling you at the end of the summer.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
