Washington, D.C.

Dear Ms. Wright,

Please excuse the delay in getting this text back to you; but the citation for the Pribram article was hard to get. I have indicated the correct citations in the margins in a number of instances and ask that you correct the text in the proper form.

I would like to use the improper title, Myths of 'Shock' Therapy rather than Electroconvulsive therapy in the title, since the term 'shock therapy' is one of the myths that I discuss.

I believe I have answered all your other questions. Thank you for your help.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
