Dr. Ali Keskiner  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri 63139

Dear Ali,

We have just received the reprints of the long acting phenothiazine report. Separately, Kathy is sending you a large supply of reprints and tear sheets. We will answer some of the reprint requests here, but if they get to be too many we will send them on to you. Please fill those that come directly to you, since we are keeping a small supply of reprints.

Topkapı is doing well as you will hear separately.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
