Dear Dr. Natale:

The only scientist who may become interested in linguistics is Dr. DiBianco at Misericordia Hospital. He has applied for an NIMH grant to study behavior changes in patients undergoing hemodialysis. I sent him to Dr. Jaffe for advice.

You may wish to contact Dr. Joseph Mendels at the VA in Philadelphia. He is a biological psychiatrist with wide ranging interests in novel methodologies.

Good luck.

Sincerely,

Max Fink, M.D.
