

April 20, 1965

Dr. E. P. Heyward
197 West Chestnut Street
Kingston, New York

Dear Dr. Heyward:

Thank you very much for your invitation to visit with you, May 1, or Sunday, May 2. While I will be in New York at that time, I am scheduled to attend and present reports at the meetings of the Society for Biological Psychiatry. It would not be possible to leave the city on either of those days.

However, while I plan to attend sessions of the American Psychiatric Association during the week, I am free to visit Kingston Tuesday afternoon, leaving the city about noon; or any time Wednesday.

Thank you for your invitation and I trust that it will be possible to visit with you at either of those times.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
