Mr. Seymour Fisher
University Hospital
750 Harrison Avenue
Boston, Massachusetts 02118

Dear Seymour:

Enclosed are copies of the Questions and Answers portion of the forthcoming issue of *Seminars in Psychiatry* devoted to ECT, as requested by Ernest Hartmann. I have no objection to your sending this draft to several interested workers, with the idea that their comments may appear in a later issue of *Seminars*.

As an experiment, it seems quite interesting, and I look forward to the comments.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
