Dear Dr. Pricoli,

Thank you for your letter. I am pleased to have been of help.

I am moving my teaching and research operations from SUNY at Stony Brook to the Long Island Jewish-Hillside Hospital complex in Glen Oaks, Long Island. It is closer to the city. The hospital has a long tradition of ECT research -- back to 1953 -- and I have developed a research team there.

We would be pleased to have you visit. Arrangements can be made to stay in Great Neck, about 10 minutes from the hospital, or in New York City -- about 30 minutes.

You can reach me at my office address as on this letterhead.

My regards.

Sincerely yours,

Max Fink, M.D.
