Dr. Nafi Kiremitci  
8396 Big Bend Boulevard  
Webster Groves, Missouri 63119

Dear Nafi,

I have discussed your request with our chairman, and it is not possible at the present time to make an additional appointment within this department.

As you requested, I have made a number of calls on your behalf and I believe that an appointment may be available at the New Jersey State Hospital at Marlboro under the supervision of Dr. R. P. Nemo. He has an extensive research program under development and is seeking an aggressive research leader. The programs are affiliated with the new programs at Rutgers University Medical School. I have written to Dr. Nemo on your behalf and suggest you contact him. Some data on the hospital follows.

My regards to Betty.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
