Dr. Robert E. Anderson
Early Clinical Drug Evaluation Unit
B. P. R. B. - NIMH
Bethesda, Maryland 20014

Dear Dr. Anderson:

The summary of my report to the ECDEU investigators was excellent, but as an author in a technical field, I have accepted your invitation to make a few changes. Two copies of the edited summary are enclosed.

Incidentally, I enjoyed the meeting very much and am grateful for your invitation to join you in October - an invitation I am gladly accepting.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
