

October 31, 1966

Mrs. Darlene R. Wilson
Box 68
Crozet, Virginia

Dear Mrs. Wilson:

Thank you for your letter of October 20. I am establishing a new laboratory and unfortunately cannot get Grass equipment until early March. I had hoped to be able to begin work in December, but find now that delivery schedules have been delayed.

The laboratory is being established at Metropolitan Hospital. I am enclosing a copy of a report which I recently read, which may give you a better idea of my interests.

Since this is a new laboratory in the Department, we do not have specific personnel policies other than those of the College. If you can be available March 1, I would like to know your present salary and what differential you would wish to relocate in New York.

In the event that you are planning to come to the Eastern EEG Meetings at the end of November, I would be pleased to meet with you in any case.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
