Dr. Ivan F. Bennett  
The Lilly Research Laboratories  
Eli Lilly and Company  
Indianapolis, Indiana

Dear Ivan,

The cycloserine data was summarized on 5/28/66. My associates and I became impressed with the possibility of viewing the data as symptom provocation, and held up the report until 6 months follow-up. This will be completed in November and the report should follow soon.

Thank you for your interest.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
