Dear Arnie,

Enclosed is the formal acceptance of your report *Amphetamine Metabolism in amphetamine psychosis* for the CINP in Prague, as well as the registration materials. If you have not filed these before, it may be helpful to do so promptly, since a visa is required for admission to Czechoslovakia, and the room situation is not like Miami Beach.

Please note that the Program Committee wishes to publish the reports and ask that 2 copies be submitted at the time of the presentation.

Many thanks for your participation, and my best regards.

Sincerely yours,

Max Fink, M.D.
Chm, Symposium 4, CINP
