Dear Dr. Angst:

It was a pleasure working with you during the Geigy meeting and again during our cocktail party. I have reviewed some of the data sheets which you and Dr. Schmidlin left with me. I am taking the liberty of sending you copies of the present rating scale as well as a report which was presented at the CINP which indicates some ways in which we are using this scale.

In addition, I am sending you a copy of a report written a few years ago describing our experiences with factor analysis and the reason why I believe we can do better with other techniques.

I think your program is a very important one and we would be pleased to assist you in any way that we can.

Good luck.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
