Dear Gerry,

It was kind of you to accept my invitation to participate in the resident training seminars in psychopharmacology of the New York Medical College.

I have requested a special meeting of the class on Tuesday, March 19, at 4:00 p.m. The meetings are held at Metropolitan Hospital, 97th Street and First Avenue, in the fifteenth floor classroom.

As you can see from the enclosed list of seminars, it would be helpful if you would discuss social factors in the evaluation of treatment and in the effects of psychotropic drugs.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
