Dr. John E. Overall
Kansas State University
Department of Psychology
Manhattan, Kansas

Dear John:

I would appreciate reprint copies of your two most recent articles in Behavioral Science, Volume 8, pages 108 and 211: "A Pattern Probability Model for the Classification of Psychiatric Patients" and "A Configural Analysis of Psychiatric Diagnostic Stereotypes".

Good luck on your new position.

Sincerely yours,

Max Fink, M. D.
Director
