Dear Dr. Lacy:

Dr. James S. Nelson, who is presently on your staff, has applied for a position on the research staff of this Institute.

This Institute is the research center of the Division of Mental Diseases of the State of Missouri and is dedicated to studies of the severe mentally ill.

I would be grateful for your opinion regarding Dr. Nelson's capacity to undertake independent research, his ability to get along with his co-workers, and any suggestions regarding his interests in teaching. One of the aspects of the program of this Institute is in the training of psychiatric residents, and we are pleased to consider Dr. Nelson as part of the faculty.

Thank you for your cooperation.

Sincerely yours,
