

April 6, 1965

Dr. Samuel Gershon  
Missouri Institute of Psychiatry  
5400 Arsenal Street  
St. Louis, Missouri 63139

Dear Dr. Gershon:

Please initial this bill for payment, and indicate to what fund the additional payment of \$10.30 is to be charged.

I noted with regret that the support of the Psychiatric Research Foundation of Missouri for the study of Lymphocytes was not indicated in the acknowledgments. I believe you ought to know that the support of the foundation was crucial not only in the development of the laboratories, but in the support of this study specifically.

I hope that you would consider the acknowledgment of the Foundation for its support in such ways as may be proper in the future.

Sincerely yours,

Max Fink, M. D.  
Executive Director
