Dr. Jack H. Mendelson
Massachusetts General Hospital
P. O. Box 449
Boston 14, Massachusetts

Dear Dr. Mendelson:

I very much enjoyed your recent talk at Washington University. I found your comments regarding the changes in electroencephalogram particularly interesting and am writing today to request reprints of your studies which may reflect on the neurophysiological changes occurring in this disease. I would be especially interested in the preprint which you mentioned in discussion.

Thank you very much for your assistance.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
