TO: Mrs. P. Commerce

FROM: Max Fink, M.D.

SUBJECT: Recruitment of Research Assistant -- 1800 Programmer

As part of our program 'Antagonists to Opiates' we anticipate collecting EEG records from the patients at the V.A. Hospital beginning mid January. In preparation for the analyses of these records, I should like to find a Research Assistant, 1800 Programmer who fulfills the requirements, particularly the experience requirements, of this position.

I would be grateful for any assistance you can give me in recruiting candidates, because the program will begin operation about January 15th.
