Dear Mr. Stuart:

In response to your letter of June 24, I have discussed the hospitalization of your daughter, Mary, with my associates, Drs. Itil and Keskiner. As Dr. Itil will be on his vacation during September and the early part of October, and I would like to begin our observation early in September, it would be helpful if you could arrange to have Mary visit the Institute during the week of August 17, to meet with Drs. Itil and Keskiner. This will permit Dr. Itil to make some notes which should prove helpful to us in his absence.

Sincerely yours,

Max Fink, M. D.

P.S. I will be leaving tomorrow, but look forward to seeing you after Labor Day.
