

September 27, 1966

Dr. William Landau
The Needlework Society
Department of Neurology
Washington University School of Medicine
Olin Hall
St. Louis, Missouri

Dear Bill,

Would you please extend my regrets to the Needlework Society. Since moving to New York it ;will not be possible to attend the meetings and I am hereby extending my resignation.

This transition to New York has been an easy one and the children are excited about their schooling.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
