Dr. Alvin B. Balaban
19 Ridge Drive East
Great Neck, L.I., N.Y.

Dear Al:

I received your letter on the National Pituitary Agency, and sent it to our pathologist, Dr. K. Palmer. He is willing to cooperate with the Agency, and has the following questions:

- (1) What is the preferable form of the glands? Whichever is preferable, we will try to accommodate you.
- (2) Do you have any specific containers? Would the Agency be willing to supply them to us, or shall we use standard mailing containers?
- (3) How long after death are these still valuable? We occasionally have delays up to three days in time for autopsy, depending on our getting permission from families. Is there a time limit?

Sincerely yours,

Max Fink, M.D.
Director
