

October 26, 1970

Mr. Louis Graff, Director  
Health Sciences Relations  
University of Michigan  
Administration Building  
Ann Arbor, Michigan 48104

Dear Mr. Graff:

Enclosed are some of the materials you requested for the forthcoming symposium on Drug Abuse - a copy of my curriculum vitae and a shorter biography; an extended text, "Antagonists in Opiate Dependence: A Rational Therapy"; and some additional background references, including reports of cyclazocine, naloxone and a recent criticism of methadone maintenance.

I trust these are helpful.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
