Miss Connie Hickman
Computer Center
Missouri Institute of Psychiatry
5400 Arsenal Street
St. Louis, Missouri 63139

Dear Connie,

Enclosed is a letter from Dr. Denber which asks a question which can only be answered by checking the tapes available at the Missouri Institute of Psychiatry. I know that you have two tapes which I have asked you to hold which contain the cyclazocine data.

In addition to these, are there any other tapes at the Computer Center derived from Dr. Denber's study?

I look forward to seeing you in New York. My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
