

April 8, 1964

Dr. John Kinross Wright
Houston State Psychiatric Institute
Houston, Texas

Dear John:

My associates and I had a pleasant day with Dr. Z. Tanaka. We spent the evening at my home, and then the next day he visited the laboratories, where we had an opportunity to discuss not only our own work, but your observations in the prison population.

Thank you for sending him to us. I hope we were of some help.

Sincerely yours,

Max Fink, M.D.
Director
