

September 8, 1970

Dear Josh,

Enclosed is a proposed subcontract for the Athens study. I have taken the model suggested by Mr. Gradwell, and added the modifications that I believe would cover our specific problems, expenditures for personnel and volunteers in Greece. I have also decided to append a full copy of the general provisions, some of which apply specifically and the others should provide some evidence of NIH intent for anyone interested in reading them.

I would appreciate your calling me at my office if the changes are minor; and if major, I would appreciate your making the appropriate amendments and I will send a messenger to pick up the corrected text.

Many thanks.

Sincerely yours,

Max Fink, M.D.
