Dr. Joseph Mendels,
Department of Psychiatry,
University of Pennsylvania and VA Hospital,
Philadelphia, Pa. 19104.

Dear Joe,

I have reviewed your report 'Electroconvulsive Therapy and Sleep' which will be included in the volume 'The Psychobiology of ECT'. Largely as a matter of style, I have taken the liberty of making some small changes, and am enclosing an edited version of your report and a new typescript.

I trust this meets with your approval. If there are major changes, please get them to me quickly. If the changes are trivial, please wait for the galley.

Incidentally, the delay in getting this report out was some difficulty in finding a publisher who would meet our criteria of hot type and low price. I am pleased to tell you that V.H. Winston & Sons will publish the volume at a cost of \$13.00 with a completion in time for the American Psychological Association in September.

Thank you for your paper.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
