

June 24, 1964

TO: Dr. Carshon  
Dr. Itil  
Dr. Neubauer

FROM: Max Fink, M. D.

I believe we should send a formal reply to the Mallinckrodt Co. regarding the experiments with Ditran and Promazine. I would like you to arrange your observations in some meaningful summaries and to meet with me in my office in the West Wing next Wednesday, July 1, at 9 a.m. to summarize this.

Concurrently, I should like to review the status of the report on the Ditran investigations which is being prepared for the CIMP, as this should be completed by the end of July.
