

December 17, 1971

Dr. Stanley Yolles
Chairman and Professor
Department of Psychiatry
SUNY - Stony Brook
Stony Brook, New York

Dear Stan:

I am writing at the request of Joseph S. A. Miller, M.D.
who is applying for appointment to the Department.

Joe was the Medical Director during my years at Hillside
Hospital. He was a fine clinician and his conferences were well run.
He was most supportive of my research efforts, encouraging the Board
of Directors, and the Research Committee to approve the projects.

I have only seen him on few occasions since we both left
Hillside, so am less acquainted with the work of the past decade.
I am pleased to recommend him for a clinical appointment, knowing
it would be interesting to work with him.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
