Great Neck, Long Island
New York

Dear Bob:

I am writing this letter with regard to Dr. Adam Rosenblatt who has indicated a desire to join this institute for the third year of his residency program and, upon completion, continue on in research.

He has given your name as a reference and I would be most appreciative for your comments regarding his personality and his professional competence. I am particularly interested in Dr. Rosenblatt's psychoanalytic experience with you. I would be especially grateful for any comments you might wish to make regarding his research ability.

My best regards.

Sincerely yours,

Max Fink, M. D.
Director
