Dear Martin,

It was good to talk to you today. Enclosed are copies of the contract which Kety, McGaugh and I signed with Mr. Erlbaum at Winston, and an editorial which is now in press in the journal, *Biological Psychiatry*.

I tried to reach Tom and his nurse told me that he was at Snowbird until Monday !="

I trust you have received the summaries by now.
My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
