

March 2, 1964

Mark J. Markham, M.D.
Secretary-Treasurer
Montefiore Hospital
Alumni Association
Gun Hill Road
New York 67, New York

Dear Dr. Markham:

While I have been interested in the Alumni Association of Montefiore, the distance between St. Louis and New York precludes any active participation.

I am writing to suggest that until such a time as the Alumni Journal may be published, may it not be equally successful to distribute the Montefiore Newsletter to the alumni, as this often includes notes regarding the activities of the present hospital staff as well as the alumni.

I am pleased to enclose a copy of my curriculum vitae as requested by Dr. Straus.

Sincerely yours,

Max Pink, M.D.
Director
