Dr. E. R. Gabrieli
Director, Clinical Information Center
University of Buffalo
Buffalo, New York

Dear Dr. Gabrieli:

I saw your letter in the J.A.M.A. In this medical school, much of the activity is in the Department of Psychiatry and we are involved in developing a coordinated data processing system for psychiatric data. We would like to send a representative to your meeting. Would you please put us on your mailing list for any announcements?

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
