Dr. Enoch Callaway
The Langley Porter Neuropsychiatric Institute
401 Parnassus Avenue
San Francisco, California 94122

Dear Noch,

For the second time I have been unable to fulfill a wish of mine to come to San Francisco. Unfortunately, on Saturday my mother became ill and it was necessary for me to remain in the community. Everything is satisfactory now.

I hope the meetings went very well and look forward to reading the various reports when they are published next year, as I assume they will be.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
