

F: Letters

September 1, 1966

Dr. Charles G. Roland
American Medical Association
535 North Dearborn Street
Chicago, Illinois 60610

Dear Dr. Roland:

Your letter regarding an editorial on LSD was received during my summer holidays, and I regret the delay in answering. Enclosed is a draft of a suggested editorial. I have thought of sermonizing, but have deleted all recommendations but one, concluding that the facts may speak clearly for themselves.

Thank you for the opportunity to try my hand at this venture.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
