Dear Virgil,

Enclosed is a slightly edited version of the application; and two reports for your files. One is the summary of our naloxone pamoate experience (this is unpublished); the second is the summary I wrote for the Marijuana Commission and in its references it contains the latest I could find as of two months ago. I have checked a few of the citations you are lacking.

I am also enclosing a copy of my curriculum vitae, for you to abstract in the appropriate place in the application. Should you wish, I would be pleased to be listed as a consultant to the project. Should you plan to have periodic meetings in the planning of the various phases of the project, my participation could be listed in the expense budget at travel plus consultation fee. In similar ventures we have received \$200 to \$300/day or some flat figure for the year. In this proposal, listing a consultant at \$1200 to \$1600 the first year would probably pass without complaint.

I trust these notes are useful. Good luck in the project.

Sincerely yours,

Max Fink, M.D.
