Dear Jim,

It is with regret that I request withdrawal of the exhibit "Drugs, EEG, and Behavior" from the APA this year. In reviewing the material which we have submitted, I have become concerned that the information presented could be misinterpreted, and not enhance our program.

I am most grateful for your many excellent suggestions and the support which you have given this project.

I have taken the liberty of notifying the APA office and am enclosing a copy of my letter to them. Again, my thanks for your cooperation.

Sincerely yours,

Max Fink, M.D.
