

April 30, 1968

Dr. Morris B. Bender
East Shore Road
Kings Point, New York 11024

Dear Morris,

It was a great pleasure to read the announcement of your new appointment. I know that your many students will be as gratified as I that recognition came to you in the form that it did - a rostrum from which you can lead many other young students into neurology and research.

Congratulations and my best wishes for success of your Department and the New Mt. Sinai School of Medicine. Please also extend my regards to Sarah.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
