Dr. Robert E. Anderson
Early Clinical Drug Evaluation Unit
Psychopharmacology Research Branch
National Institute of Mental Health
Bethesda, Maryland 20014

Dear Bob,

Thank you very much for the forms which I received today. They are most helpful. I note that Part III of the drug study patient record has been set up for optical page reading. I am delighted and will try to get all our forms into this format. Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
