Dr. Loren Mosher
Head, Schizophrenia Research
Clinical Research Branch
National Institute of Mental Health
5454 Wisconsin
Chevy Chase, Maryland 20015

Dear Loren,

It was good to meet you in Washington, and I was pleased to discuss the lactate studies which Drs. M. Taylor and R. Abrams are planning in these laboratories. I am enclosing a copy of our initial summary, in which we confirmed the observations of Pitts and McClure.

I hope the studies in Denmark are productive.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
