Dear Mr. Bergmans,

I regret bothering you with a small problem, regarding my subscriptions to the EEG Journal, but I have written twice in the past few months and have not received an answer. I would appreciate clarification of the state of my subscriptions to the Journal.

Through the New York Medical College, I have renewed one subscription which is addressed to my home at

39 Arleigh Road
Great Neck, New York 11021

I have also recently ordered a second subscription, addressed to my laboratory:

Dr. Max Fink
Department of Psychiatry, New York Medical Col.
5 East 102 Street
New York City, N.Y. 10029

The subscription to my home is up to date, for I have received vol. 27 #1 (July) last week.

The subscription to my office, which was to have started with the January issue (vol. 26) has never been instituted.

I would appreciate your checking your files. If the second subscription was not paid for, or the records incomplete, please advise me and I will make the necessary adjustments.

Incidentally, we have requested our purchasing department to send you an order for a complete file of the EEG Journal from vol. 1 for my laboratory; and this order will arrive early in August.

Thank you for your assistance.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
