

Req. reprint

April 9, 1964

Dr. Ira Belmont
Department of Rehabilitation
Albert Einstein
College of Medicine
Eastchester Road and Morris Park Avenue
New York, New York

Dear Ira:

I have just read the abstract of your latest report in the Archives of General Psychiatry. I would like to keep up to date in the various reports coming from the Hillside study, and would appreciate a few copies of this reprint when it is available, as well as any other reports which may have been completed.

Sincerely yours,

Max Fink, M.D.
Director
