

ye. 67

December 24, 1963

George F. Winokur, M. D.
Department of Psychiatry
Washington University School
of Medicine
660 South Kingshighway
St. Louis, Missouri

Dear George:

I am taking the liberty of enclosing the 1963-64 Training Program of the Missouri Institute of Psychiatry. This program was developed by George in association with the staff of the Institute and reflects the first steps in creating a more eclectic program.

My best wishes for the New Year.

Sincerely yours,

Max Fink, M. D.
Director
