Dr. Lawrence B. Feinberg
Coordinator, Rehabilitation
Counselor Education Program
Syracuse University
805 South Crouse Avenue

Dear Dr. Feinberg:

Miss Caryn B. Feinberg has been employed in this Department as a research assistant since May 1968. In this capacity, she has assisted me in the collection and analysis of data in the evaluation of new drugs in the treatment of the mentally ill.

The assignments have been undemanding and she has carried these out in a satisfactory manner. She is personable, quiet and cooperative. She pays attention to detail and has fulfilled her assignments in a reasonable time. She is liked by her co-workers.

I would have no hesitation in recommending her for training as a professional worker.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
