Dear Nate,

I was pleased to have an opportunity to discuss the possibility of some collaborative undertakings and am writing to tell you that I will be in New York the week end of March 12-15. I have an appointment in New York City Monday afternoon and will be at the Department of Psychiatry with Al Freedman on Tuesday during a major part of the day. I can be free on Saturday morning, as I plan to arrive late Friday night in order to do some house hunting, or Monday evening, if either time is convenient for you.

I look forward to seeing you.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
