Dear Dr. Levine:

RE: MH-13358-04

We are writing to request an extension of the budget period of MH-13358-04 for 9 months, to 12/31/71, without additional funds. With our present balances, this will permit continued support of the principal personnel for an additional two months (to 5/31/71); and the services necessary to complete the write-up and final reports for the remainder of the budget period (to 12/31/71).

In the event our renewal request is funded, we request the starting date be made 6/1/71, to allow continuity of the ongoing program.

Sincerely yours,

Max Fink, M.D.
