Dear Jon,

Just a letter of appreciation for your efforts on behalf of all Americans in achieving a better drug abuse control law. I have read the Congressional Record and the final bill, and believe that the differences from the January bill are significant-- much of it due to the efforts of the Committee I presume.

I trust that the Committee will not disband now that a skirmish seems to have been won, but will continue.

Many thanks.

Sincerely yours,

Max Fink, M.D.
