Dr. William Guy  
ECDEU Coordinator for Data Analyses  
The George Washington University  
Biometric Laboratory  
Room 618  
1145 Nineteenth Street, N.W.  
Washington, D.C. 20036

Dear Dr. Guy:

We are now involved in setting up a depression study for which it would be most helpful to have the Hamilton Rating Scale. If this is available for optical scan, would you please send us 100 forms as soon as practicable?

Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
