Dear Abba:

I have received and will have no difficulty with the filing of the two protocols evaluating ACTH/MSH 4-10 in schizophrenics and retardates. I will need the following for each protocol:

- a) Copy of the consent form.
- b) A small description (2 to 4 paragraphs) of facilities at each hospital.
- c) The official name of the committees at Columbus State Hospital and Columbus State Institute which will (or have) approved our protocol.
- d) Since Dr. Sandman is not an M.D., it would be most helpful if an M.D. at the Institution is cooperating in each project. If such be available, we should have a short C.V.

I have just called your office and find that you are already on holiday and so I will probably see you in Utrecht before you receive this letter. I shall be able to file the necessary supplement as soon as the above information is available.

My best regards.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
